Overview

The ability group concept will continue for the 2007 race. The “class” your team will compete in will be set from updated results from the previous season. Bob Beer will give them to me for assessment. Placement is determined from potential placing this current year based on past performance. It’s a starting point.

Coaches need to double check, to assure that their team is in the assigned race.

The walk/jog thru prior to competition is recommended. A complete loop of the course is 1800m-----approximately eleven minutes of easy run for familiarity. 600m are run in a wooded trail area, east side of school. This is run 3 times---twice, north to south----once, south to north. (subject to adjustment)

The consensus is that this Invitational has become a good season opening event. It is our pleasure to facilitate healthy early season competition. We look forward to continuing this event and want to thank all the contesting schools for their interest.

We hope to offer souvenir t-shirts and light refreshments this coming event. Coaches, please have teams police their areas for efficient cleanup.

AWARDED PLAQUES: SEPTEMBER 13, 2006

BOYS: CLASS "3"	NORTH SHORE	1ST PLACE
CLASS "2"	LEVITTOWN DIST.	1ST PLACE
	WHEATLEY	2ND PLACE
CLASS "1"	FARMINGDALE	1ST PLACE
